EXPERIENCE

Data Engineering - Copasul

October 2025 - Current

- Architected and managed data pipelines using Qlik Talend Studio, ensuring data quality, processing, and integration for the cooperative's data area.
- Developed corporate data analysis dashboards and BI panels using Qlik Sense, delivering high-level strategic metrics directly to the board of directors to drive decision-making.
- Provided continuous technical support and issue resolution for internal platforms, with a primary focus on maintaining and adjusting the employee time-tracking module.

Tech Stack: PostgreSQL, Oracle Database/EBS, Talend Studio, Qlik Sense, Power BI

IT Intern - Copasul

February 2025 - October 2025

- Conceptualized and implemented a queue manager for the cooperative's silo units, resolving communication failures during logistics operations. The solution integrates a web-based data entry system for the guardhouse with a Flutter mobile application used on tablets by silo operators.
- Developed customized management reports using Oracle APEX to facilitate data access and optimize internal processes.
- Created operational reports within the Senior HCM system to meet specific data demands from the Human Resources department.

Tech Stack: Oracle APEX/Database/EBS, Senior HCM, React, Typescript, Javascript

EDUCATION

Technology Degree in Systems Analysis and Development - Instituto Federal do Mato Grosso do Sul, Naviraí - Current | Relevant Coursework: Algorithms, Data Structures, Software Engineering, Database Operation and Management.

PROJECTS

First Robotics Competition (FRC) Competitor - Tech Vikings

Immersive experience in competitive robotics with strong practical application of hardware/software integration and programming logic. Directly involved in translating technical concepts into functional systems, developing a high capacity for agile problem-solving, critical thinking, and teamwork within a highly demanding and innovative technical environment.

Tech Stack: C++, Java, Python

CERTIFICATIONS

Microsoft Power BI: Corporate Data Analysis and Creation of Management Dashboards -
Instituto de Pós-Graduação e Graduação - 2026
